

RAL, FSDO, FAASTeam presents:

You Asked For It... You Get It: The Triple Hit

To better utilize our time, we'll be talking about three (3) subjects tonight. There isn't a central theme. Instead, we'll cover three basic areas that are essential to safe flying. As always, the FAA promotes an interactive meeting by fostering and encouraging the participation of the attendees. It's not uncommon that the materials presented are positively augmented and supported by actual events and experiences of the attendees.

It is appreciated when the attendees add to the merits of the program subject(s). This proactive approach helps to insure the dissemination of useful information for all general aviation.

Directions: From the 60 Fwy- south on Euclid (83). From the 71 Hwy- north on Euclid (83). Driving north or south on Euclid Ave, turn east on Merrill Ave. Turn south (right) at the first intersection (Stearman Ave). Actually, that's the only direction you can turn. Continue to YANKS' gate on your left. Park, enter the main doors, find the meeting, grab some refreshment, and have a seat. And... um... don't forget to sign in. Thanks, ~a.j.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
